

# Helping You Help Them

Presbyterian Children's Homes & Services' 107-year history of faithful stewardship is your assurance that your mission dollars will be used wisely to fulfill the mission we share.

*(A full accounting of the financial resources you share with us is available upon request.)*

**This is YOUR ministry, serving children and families in your church and community.**

Our Christ-centered services can help children who have been abused, neglected or abandoned, as well as entire families whom you know to be in need. Whether a child needs a safe, loving home or a family needs support through a crisis, we are just a phone call away at 800-888-1904.

In addition to your church's financial commitment through the benevolence or mission budget, your congregation can support Presbyterian Children's Homes & Services in a range of ways:

- ✦ Receive a special offering each month to benefit PCHAS.
- ✦ Sponsor group events – going to the movies, bowling or to a museum – for our kids.
- ✦ Encourage church groups to “adopt” a child or family by providing a monthly gift.
- ✦ Schedule a visit to one of our campus locations so church members and groups may see first-hand their mission dollars at work.

PCHAS can offer several resources at no cost to help you spread the word of this important work. A few of the options available include:

- ✦ Bulletin inserts
- ✦ Offering envelopes
- ✦ Guest speakers for Sunday school classes, fellowship dinners or other church-wide events
- ✦ Presentations to Presbyterian Women or Presbyterian Men groups
- ✦ Minutes for mission
- ✦ Newsletters and other updates
- ✦ Worship leadership and participation

Presbyterian Children's Homes & Services also has facilities available for church-sponsored events, including use of our ropes course for team-building exercises and our campuses for retreats or church-wide events. Contact Lisa Holleran, director of development, at 1-800-888-1904 or e-mail [lisa.holleran@pchas.org](mailto:lisa.holleran@pchas.org) for details.
